

**RNS**

31 March 2021

**Thruvision Group plc**  
**(“Thruvision” or the “Company”)**

**Blocklisting update**

Thruvision (AIM:THRU), the leading provider of “safe distance” people-screening technology to the international security market today announces an update to its blocklisting application.

Name of Company: Thruvision Group plc

Name of Scheme: Thruvision Group plc Long Term Incentive Plan

Balance of Ordinary 1p shares under the Scheme at 1 October 2020: 574,829

Number of Ordinary 1p shares issued under the Scheme during the period: 325,000

Number of Ordinary 1p shares cancelled under the scheme during the period: Nil

Balance of Ordinary 1p shares under the Scheme at the end of the period: 249,829

The Ordinary shares have been allotted and issued in accordance with the rules of the Scheme and rank pari passu in all respects with the existing Ordinary 1p shares in issue.

At 31 March 2021 the total number of Ordinary Shares in issue with voting rights is 145,779,118.

No Ordinary Shares are held in treasury.

The above figure of 145,779,118 Ordinary Shares in the Company carrying voting rights may be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in the Company under the FCA’s Disclosure and Transparency Rules.

**About Thruvision**

Addressing the urgent need for “safe distance” people security screening in the COVID era, Thruvision is uniquely capable of detecting metallic and non-metallic items including weapons, explosives and contraband items that are hidden under clothing, at distances between 3 and 10m. Using patented passive terahertz technology, Thruvision completely removes the need for physical “pat-downs” and has been vetted and approved by the US Transportation Security Administration for surface transportation. Operationally deployed in 20 countries around the world, Thruvision is used for aviation security, retail supply chain loss prevention, customs and border control, and public area security. The company has offices near Oxford, and in Washington DC.
